"A postdoc in Israel combines access to world-class scholars and academic resources with the amazing experience of living in one of the most fascinating and historically-rich regions of the world. My family and I have been grateful to meet so many people who are willing to invite us into life here. The Fulbright staff have helped at every stage with logistics, questions, connections, and providing opportunities to encounter Israel beyond the tourist's surface."

Erika Tritle, Fulbright Fellow 2018, Ben Gurion University

Apply by September 16, 2019
