# CIOSTA & CIGR SECTION V INTERNATIONAL CONFERENCE

Agricultural production and management in the era  
of AI, robotics, and advanced technologies

## SAVE THE DATE!

## CIOSTA 2025!

20-23.10.2025 | DANIEL HERZLIYA HOTEL | ISRAEL

The 41st CIOSTA International Conference, themed "***Agricultural Production and Management in the Era of AI, Robotics, and Advanced Technologies***," will unite professionals from various fields to delve into cutting-edge research and applications in agricultural engineering, production, and management.

CIOSTA 2025 presents an invaluable opportunity to foster new connections, strengthen existing ones, and actively shape the future of the industry. **With the submission system opening soon**, students, researchers, practitioners, and industry leaders are encouraged to begin preparing abstracts for oral and poster presentations.

Alongside the conference, a professional exhibition will showcase the latest technologies from leading companies, offering a platform for networking, discussions, and the exchange of ideas on state-of-the-art advancements.

## Save the date and be part of this extraordinary event!
